

Kelley Fox Wines Grüner Veltliner 2021

The Grüner was a really fun wine to produce, and I'm happy to offer this very small bottling to you. This wine was tank-fermented and is ML-complete. The colour is a highly transparent, radiant spun gold. I love looking at it in the glass. The nose is full of fresh, lush citrus with minerals. The texture is both rich and weightless, and yes, it has the classic Grüner finish of a touch of white pepper. It has wonderful acidity one might expect from an alpine wine. For me, this wine has resplendent energy.

Appellation: Willamette Valley A.V.A.

Picking Date: 15 September 2021

Bottling Date: 25 March 2022

Alcohol: 13.5 %

Cases Produced: 64
